

HitMatch

Song recommender project

Problem!!

Have you ever been browsing through Spotify when suddenly the next song that comes on completely disrupts the mood?

Ever struggled to create the perfect playlist for your next dinner party discussing cryptocurrencies?

We know, we've all been there

Be like Dave

This is Dave then

Nobody liked Dave

This is Dave now

People think he's cool

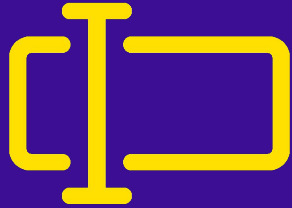

Meet HitMatch

Your unique song recommender.

Add to playlist

Enjoy

Import the suggested songs directly into a playlist for a seamless listening experience

Testimonials

My Mother

"I can now
listen to more
than just one
song"

Denise (Bank CEO)

"I can discreetly
groove in the
toilets"

Dave (remember Dave?)

"I now have
friends"

Shaniqua
(customer service rep)

"Clients no
longer wait
listening to
jingles"

Mary(Dave's mother)

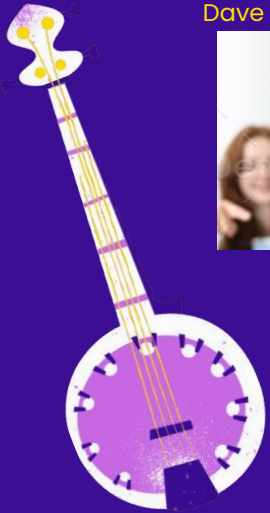

"House parties
have never been
better"

Heather (radio host)

"I no longer
have to lose
time googling
for songs"
